

STORM TALLY SHOWS HEAVY FLORIDA LOSS

St. Petersburg, Winter Resort,
Suffers Million Dollar
Damage.

(Continued from page one.)

dis via New York and enroute to Mexican ports. Upon receiving fireless reports of the gulf hurricane, the Buenos Aires laid off in the Atlantic until it was deemed safe to proceed.

TAMPA, Fla., Oct. 27.—Property damage in that section of the Florida peninsula swept Tuesday and Tuesday night by the tropical hurricane is estimated at \$5,000,000 by insurance men here, who have been analyzing reports reaching Tampa from other sections. The damage in Tampa is estimated at between \$1,500,000 and \$2,000,000. The known deaths today stood at five, which included three at St. Petersburg and three in Tampa and vicinity.

Never before in the history of the oldest inhabitants of this section of the state have the means of communication been so interrupted.

Reports from all sections tell of heavy damage to citrus fruit and truck crops, estimated ranging from a loss of from 50 to 60 percent in the coastal region of Pinellas county, with 30 to 50 percent in Hillsborough county, down to from five to 10 percent in Orange and Polk counties.

ST. PETERSBURG, Fla., Oct. 26.—(By mail to Jacksonville.)—While there was no loss of life at Pass-A-Grille, a gulf resort south-west of here, as a result of Tuesday's hurricane, property damage at the settlement probably will amount to \$50,000.

The death list here tonight remained at two, and property loss roughly was estimated at between \$500,000 and \$1,000,000. Six piers on the water front here valued at \$250,000 were swept away and at least 50 small motor boats were sunk. The other damage largely was confined to unroofed houses. Streets were cleared of debris to allow electric power was restored to the downtown district.

The death of F. C. Wolfe, who was crushed when a room caved in, and J. W. McLean, who died as a result of heart failure induced by excitement.

The water front was swept almost clean, the municipal pier, the Atlantic coast line railroad and numerous smaller structures being washed out.

Attempt Made to Rob Southport State Bank

INDIANAPOLIS, Oct. 27.—An attempt was made early Thursday to rob the Citizens State Bank at Southport, near here. Two acetylene torches were used in an effort to get to a money vault. A large hole had been burned in the door of the vault. S. C. Wright, cashier, said so far as he could learn, nothing had been taken. Entrance to the bank building was gained through a rear window. A rear door to the bank then had been unlocked from the inside, apparently to permit the robbers to move in the torches. Automobile tracks were found in the rear of the institution.

North Dakota Voters May Recall Governor

FARGO, N. D., Oct. 27.—Voters of North Dakota will go to the polls tomorrow to cast ballots on the recall initiated to unseat state officials, members of the non-partisan league who have held sway in the state for four years.

It is the first time in the country's history that the recall is being used in an attempt to oust high state officials.

JUDGMENT AFFIRMED.

INDIANAPOLIS, Ind., Oct. 27.—The appellate court Thursday affirmed the Huntington circuit court in its finding against Edgar T. Henderson of Toledo, who used the Kokomo Trust company as executor of the estate of his mother, Gilly A. Tate, for \$2,000 claimed as due him for services. The court's decision consisted of one sentence, "Judgment affirmed."

JAP SHIPS ARRIVE.

NEW YORK, Oct. 27.—A training squadron of the Japanese navy, consisting of the first class cruisers Itsumo and Takumo, which left Japan last August on a world cruise, arrived here Thursday to remain until Nov. 8.

HONORS FOR CUBAN.

HAVANA, Cuba, Oct. 27.—Military honors were paid Corporal Oscar Cardenas of the Cuban army killed in the world war, when his body arrived in Havana Thursday and was interred with impressive ceremonies.

Every Little Moving Has a Meaning All Its Own

Make it a pleasant one when you move this fall—move into one of the attractive, modern apartments described in The News-Times' Real Estate columns today.

Some people move because they have to—others when they can find a more desirable apartment that meets their requirements of size and rent.

In either case, you'll welcome The News-Times' list of the best apartments now available in South Bend. You'll be able to tell at a glance what places interest you and where to go to inspect them.

Even if you're not thinking of making a change, a look through those ads will tell you if the apartment in which you're living is the most comfortable one you can get for your money. Every apartment dweller in the city is going over this list right now—many of the ads won't be here tomorrow. Pick out the apartment you want—today!

WINS BIG JUDGMENT; GIVES IT TO CHARITY

PRINCETON, Ind., Oct. 27.—Thomas Carithers, wealthy Gibson county land owner, Thursday bequeathed \$11,000 for public benefactions in this city and over \$17,000 in individual gifts to various friends and relatives. The total amount bequeathed was \$28,557.57, equaling the amount of a judgment recently awarded in circuit court against his brother, Joseph Carithers in a suit growing out of the management of Thomas Carithers' farms.

The suit which resulted in the judgement from which the bequest came, attracted much attention locally. Thomas Carithers asked \$200,000 from his brother, alleged to be due him from earnings of his farms which for several years had been managed by the brother. The complaint set out that no accounting had ever been made. The plaintiff declared upon the witness stand that he did not wish to profit from the judgment which might be made as it was a matter of principle for which he was fighting.

TEXAS MEMBER RETAINS SEAT IN CONGRESS

Dramatic Scene is Enacted in
House During Ballot
Fight.

(Continued from page one.)

half way out when a request was made from the democratic side that he have 30 additional minutes and was opposed by Mondell. But the leader was quick to withdraw his objection and the Texan was summoned back.

Refusing at first to yield for questions, he permitted Rep. Longworth, republican, Ohio, to ask him something and republicans asserted later that the reply had turned the tide against him.

The Ohio member wanted to know if the report was true that Mr. Blanton had declared an intention to mail 250,000 copies of the undelivered affidavit, after the house had ordered it stricken from the record.

Only a lack of money, Rep. Blanton said, prevented its mailing to every voting man in the United States.

Going back to his early struggles the speaker told how he had begun work on a farm at the age of ten.

"And yet the newspapers say I am the enemy of labor," he shouted. "Why, I delivered groceries at the back door of every home in the capital of Texas."

The words the house objected to in the record were not his words. Blanton declared, saying he inserted them as "a matter of record" in his fight to help two employees in the government printing office.

"These two employees," Blanton said, "appealed to me for protection of their rights under the constitution and I did what I considered my duty."

The Texan told of his hard struggle in early life in Texas, how he had sold his home once to fight for a cause in congress and read numerous letters and telegrams supporting him.

Declaring some members had come to him with the word he could save himself by apologizing on the floor, Blanton cried:

"I will not apologize; feeling that I have done right I will take my medicine. I will never buy my seat from you by a surrender of my soul."

HUNGARY TO FACE WAR POSSIBILITY

Little Entente Hurls Ultimatum Upon Budapest Government.

LONDON, Oct. 27.—The little entente has served a 48-hour ultimatum on Hungary demanding surrender of former Emperor Karl, according to press dispatches from Vienna today.

The penalty for an unsatisfactory reply to the ultimatum will be armed invasion of Hungary by Serb, Czech and Rumanian troops, it was stated here today.

Former Emperor Charles was still in custody of the Hungarian government today and had not been turned over to England, according to information received here from Budapest.

The ex-regent with the former Empress Zita are to be interned aboard a British motor until the allies reach a final decision as to what their fate shall be. It was also announced following a meeting of the council of ambassadors in Paris today. The council will meet again Saturday to decide what to do with the royal pair.

The "little entente"—Jugo Slavia, Czechoslovakia and Rumania—is becoming restive under the delay in disposing of Charles. These countries fear that monarchist influence is making itself felt at Budapest.

A note has been sent from Belgrade threatening invasion before Sunday unless the Hungarian government complies with the following demands:

Surrender Charles to the allies. Demobilize army. Defrays cost of mobilizing troops in the countries bordering Hungary.

Charles and Zita are both "broke." It is understood they pawned all their jewels to raise money for the monarchist coup.

Adherents of Former Premier Venzelas, who is now in the United States on his honeymoon, are reported to have assured the French government that the republicans would force Constantine to abdicate if France would give them financial assistance. France is openly hostile to Constantine.

RAIL STRIKE IS CALLED OFF BY WORKER LEADERS

(Continued from page one.)

strike, arranged in advance, was heads said. A code word will be sent to each general chairman of the unions and he will in turn forward the orders to each of the subordinate officials, under him.

The climax of the conference came this afternoon when the rail board informed the brotherhood heads that unless the strike was called off the board would "deal with the unions with unglued hands."

"The situation is absolutely unchanged, for we have done nothing," said Warren S. Stone, head of the engineers, as he came out of the conference room early Thursday night. At that moment a photographer took a picture of Mr. Stone and the union chief jumped on the cameraman, pummeling him with his fists. Several other persons joined in the fight, but it was quickly ended by the spectators.

The afternoon union meeting was also enlivened when Mr. Stone smashed the camera of a photographer who attempted to take his picture as he came out of the meeting room. Mr. Stone chased a photographer several blocks yesterday when he attempted to snap the brotherhood chief. Mr. Stone bade out one hand in hitting at the camera.

DEMOCRATS START CAMPAIGN PLANS

Leaders Meet in Chicago to
Select Chairman for '24
National Race.

ST. LOUIS, Mo., Oct. 27.—The selection of a new chairman looms today as the first move to be made by the democratic national committee when it meets here next Tuesday to outline a tentative program for "repairing its political fences."

While members of the committee have declined to commit themselves as to who will be favored as a successor to George White of Ohio, the present chairman, it is known in political circles that Daniel S. Porter, of North Carolina, and Carter Glass, of Virginia, are being prominently mentioned despite the recent announcement from Washington by Glass that he would not accept the post.

It is expected that a fight will be waged for the chairmanship between the factions said to be backing William G. McAdoo for the 1924 democratic presidential nomination and the wing that is known to follow James M. Cox of Ohio, who was defeated by Harding.

Some committeemen have flatfootedly announced they believe no good purpose would be served in a change in the chairmanship. These few have intimated, in letters to the International News service that they will attend the Tuesday meeting with no other idea than to submerge factional fights and effect a country-wide machine in a zealous effort to regain control of congress.

JUDGE HOLDS HARTMAN INELIGIBLE FOR PLACE

INDIANAPOLIS, Ind., Oct. 27.—Holding that J. Herbert Hartman was guilty of violations of the corrupt practices act in the primary, and therefore was ineligible to serve as the republican nominee for city judge, Judge T. J. Moll in superior court here Thursday night refused to issue a mandate requiring the city board of election commissioners to place Mr. Hartman's name on the ticket.

The judge also upheld the action of Irving W. Lemaux, republican city chairman, in certifying the name of Delbert C. Wilmett as the nominee for city judge, and that of the board's election commissioners in accepting the certification, on the theory that a vacancy existed at the time certification was made because of Mr. Hartman's ineligibility.

HAWKINS MORTGAGE CO. FACES RECEIVER SUIT

FORT WAYNE, Ind., Oct. 27.—Charging fraud and that the corporation is insolvent, suit for receivership was brought in circuit court here Thursday against the Hawkins Mortgage company with headquarters at Portland, Ind., and the Western Loan societies which the Hawkins company has organized in six different states with a capitalization of \$5,000,000. The suit was brought by local stockholders of the Western Loan society.

RANDIT IS KILLED.

COUNCIL BLUFFS, Ia., Oct. 27.—One alleged bandit was killed and another captured in a pistol fight with sheriff's deputies on guard at a store here when a band of robbers broke into the place Thursday. The dead man was identified by Sheriff W. A. Groneweg as James Blankenship, 25 years old, who was indicted for arson in connection with the courthouse riots in Omaha two years ago.

Dr. Maurice Francis Egan Undergoes Minor Operation

Maurice Francis Egan, the noted diplomat and author, will be confined to St. Joseph's hospital here until the latter part of next week, was the announcement of his physician and hospital authorities last night.

An operation for removal of a carbuncle on the neck was performed yesterday morning. The patient was improving.

BODY IDENTIFIED.

ANCON, Peru, Oct. 27.—Fishermen discovered near here Thursday a skeleton which from the clothing still clinging to it, was identified as that of Jos. E. Romanet, a French aviator whose airplane was lost at sea Sept. 27.

JAPS QUIT SIBERIA.

TOKIO, Oct. 27.—Tokio newspapers all carried stories Thursday saying that the Japanese cabinet had decided to evacuate Siberia. They said that arrangements for the evacuation had been completed.
